What is Boxing Day?

What is BOXING DAY?

The first thing to say about Boxing Day is that its origins have nothing to do with boxing, or with putting used wrapping paper into boxes, or with boxing up all your unwanted presents, or indeed with football, horse racing, hunting, shopping, going for icy mass swims in the sea, or any of the other activities that now characterise the day after Christmas and act as an antidote to the languor that descends on households at around teatime on Christmas Day. The origins of Boxing Day lie not in sport, but in small acts of kindness.

It is generally accepted that the name derives from the giving of Christmas “boxes”, but the precise nature of those boxes and when they were first dispensed is disputed.

One school of thought argues that the tradition began in churches in the Middle Ages. Parishioners collected money for the poor in alms boxes, and these were opened on the day after Christmas in honour of St Stephen, the first Christian martyr, whose feast day falls on 26 December.

Some suggest the tradition is even older than that, dating back to the Christianised late Roman Empire, when similar collections were supposedly made for the poor in honour of St Stephen, but the evidence is sketchy. All we can say for certain is that at some point St Stephen’s Day became associated with public acts of charity.

As with most things to do with Christmas, it was the Victorians who fleshed out the meaning of Boxing Day. The Oxford English Dictionary dates the term to the 1830, and clearly recognised the association of the day in the public mind with charity, and in 1871 St Stephen’s Day was designated a bank holiday. What had previously been an amorphous tradition now, thanks to the structured minds

and myth-making tendencies of the Victorians, became a seasonal necessity.

As part of this seasonal beneficence, some employers in the Victorian period gave Christmas boxes to their staff. In large households, after serving their employers on Christmas Day, domestic staff were allowed time off on Boxing Day to visit their own families, and went off clutching Christmas boxes full of leftover food. That at least is the suggestion.

What is undeniably true is that the practice developed of people giving Christmas boxes – commonly a small gift or some money – to tradespeople who had provided them with good service in the course of the year. The Victorians may have given the name to Boxing Day, but this tradition predates the 19th century.

Boxing Day is primarily a British tradition, and the UK has exported it to Australia, Canada and New Zealand (in each of which it has become primarily a shopping and sporting day). The term is little used in the US, and 26 December is not usually a federal holiday. The 26th is a holiday in Western Europe, but most countries designate it the “second day of Christmas” rather than Boxing Day.

Update Coronavirus

UPDATE Coronavirus COVID-19

LATEST CORONAVIRUS FIGURES IN WEST SUSSEX

The recorded number of West Sussex people testing positive for COVID-19 from 5th – 11th November was 976. This is 30% higher than the number testing positive during the previous 14-day period.

The seven-day incidence rate is the number of cases per 100,000 population and varies in the county. From 5th-11th November, **Worthing** had the lowest rate at **71.4** per 100,000 population, and **Crawley** the highest rate with 164.6 per 100,000 population.

The overall West Sussex seven-day incidence rate over this period was **113.0** per 100,000 population. All districts in West Sussex have an incidence rate below that of England (**255.5** per 100,000) and the South East (**172.0** per 100,000). Of the people testing positive over the seven-day period, **53%** were under 40 years. Young adults had the highest age-specific incidence rate, although rates are growing in older age groups. The overall 60+ year's rate for West Sussex is **67.5** per 100,000, compared with **119.2** in the South East.

The COVID-19 alert level for the whole of West Sussex remains **Medium**. Please continue to take care and follow the latest guidance, especially when travelling or visiting over the Christmas period.

VOLUNTEER TO HELP FIND A VACCINE

Join the national effort and sign up for the **NHS COVID-19 vaccine research registry**. Be part of the fightback against the virus by volunteering to be

contacted by researchers to take part in COVID-19 vaccine research.

There are a number of vaccines being identified, but only large-scale studies can give researchers the information needed about how effective they are.

The National Institute for Health Research (NIHR) is working with the NHS and aims to recruit as many people as possible on to the registry, which will allow people to be put in touch with the vaccine studies in the coming months.

Researchers are looking for people from all backgrounds, ages and parts of the UK - including both people with or without existing health conditions - to take part in vaccine studies, to make sure that any vaccines developed will work for everyone.

The service is available to anyone aged 18 or over, living in the UK. There is no obligation to join in any study, if you are contacted. But by taking part, you could help researchers find vaccines to protect us all more quickly - which in turn could help the NHS and save lives.

Rampion 2 Wind Farm Project

RAMPION 2 WIND FARM PROJECT

RAMPION 1 OFFSHORE WIND FARM

is in the English Channel, off the coast of Sussex it is situated off the coast of the town of Worthing and Shoreham-by-Sea to the west, the city of Brighton and Hove in the centre and the towns of Newhaven and Seaford in the east.

It became operational in 2018 at a construction cost of £1.3 billion pounds. It is 13-25 kilometres (8-16 miles) from the shore and has a site area of around 28 square miles. It has 116 Turbines which will generate almost 1,400 gigawatt hours (GWh) of power output each year from a clean energy source. This is enough power to supply the equivalent of almost 350,000 UK homes each year for the lifetime of the project.

Rampion Wind Farm are now looking at initial proposals for the expansion to the wind farm at Rampion 1 which is being called Rampion 2 and below is a brief look at what is being proposed

RAMPION 2 OFFSHORE WIND FARM

- Same minimum distance from shore as Rampion 1 (8-13 miles). Note recent Government statement states 25 miles from shore, but Rampion 2 cannot go further due to impact on shipping lanes.
- Maximum 116 turbines same as Rampion 1
- Larger turbines available but increase in height does not multiply with increase in power
- A 50% increase in height of a wind turbine

more than doubles the power output (Rampion 1 turbine height is 140 metres)

- Rampion 2 could produce clean, green electricity for the equivalent of over 1,000,000 homes.
- The area of search for Rampion 2 has been identified but not its actual location within the search area.
- The type of turbine to be used has not been decided, technology has improved so still to be agreed
- There will be a visualisation from the shore to Rampion 2 along the shore at various points – Middleton-on-Sea to be included.

The Parish Council at its meeting on the 21st October 2020 received a presentation on the Rampion 2 project from Rampion Wind Farm which was also attended by members of the public. There was a question and answer session with a number of questions from Councillors and the public.

Of course there will be objections to this project by some people and organisations such as Protect Coastal England who have raised a number of points with regard to the project.

The next steps are to wait for the final decisions from Rampion Wind Farm on a number of important issues, once these have been received then the Parish Council can review the project based on known project details and act accordingly.

Parish Council Update

SPORTS PAVILION SHRUBBS FIELD – refurbishment and redecorating of the sports pavilion is planned to start in January 2021 (Coronavirus permitting). A meeting is planned to discuss expected start and completion dates so that both Felpham Colts and Stoolball are aware of any dates the pavilion will not be in use.

PUBLIC SPACE PROTECTION ORDERS – Relating to the Control of Dogs – on the Parish Council website you can find the full details on the above. There are four orders which came into force on the 6th November 2020 and covers the following that Arun District Council have now approved. The Orders cover a period of up to 3 years and may be extended, varied or discharged during the 3 year period

- 1) **THE FOULING OF LAND BY DOGS** – owner guilty of offence if your dog defecates on land and you do not remove it, need to look at Schedule 1 to see what land the Order applies to
- 2) **THE DOGS ON LEAD BY DIRECTION** – a person in charge of a dog shall commit an offence if at any time on any land to which the Order applies a person does not when asked by an Authorised Officer of the Authority does not put and keep his or her dog on a lead. See Schedule 2 to see what land applies to the Order
- 3) **DOGS EXCLUSION** – a person in charge of a dog shall be guilty of an offence if at any time he takes the dog onto or permits the dog to enter or to remain on any land to which the Order applies. See Schedule 3 for the land that this order applies to.
- 4) **DOGS ON LEADS** – a person in charge of a dog shall be guilty of an offence if at any time on any land to which the Order applies he does not keep the dog on a short lead. See Schedule 4 for the land at the Order5 applies to.

An Authorised Officer of the Authority (Arun DC) is the only person who can issue a fixed penalty notice in relation to the above Orders.

CARE HOME – YAPTON ROAD POULTRY FARM – there are two planning applications with regard to this site, one has gone to appeal and the other is awaiting a decision by Arun District Council. The planning application that was refused which has now gone to appeal is due to be heard by the Planning Inspector on the 25th November 2020. Also the new amended planning application for the Care Home is due to go to the Development Control Committee of Arun District Council on the same day. It will be interesting to see what the outcome is, we could have three approved planning applications, a worst case scenario or best case an approved planning application for the development of 13 houses.

Community Noticeboard

WELCOME TO
ST NICHOLAS, MIDDLETON

“The Church at the Heart of the Community”

Vicar: Fr William Marston (586348). w.marston@btinternet.com

From Father William

At the time of writing, I am pleased to say that St Nicholas, Middleton is open for Services on:

Sunday at 10.00am, Wednesday at 6.00am, and Thursday at 6.00am.

For CHRISTMAS, the plan is to have:

Christmas Eve 4.00 p.m. an all age informal Service, then Carols at 11.00 p.m. with Midnight Mass at 11.30 p.m. On Christmas Day, there will be Services at 8.00/10.00 a.m.

Unfortunately, we are not allowed to have any singing. Also, we are required to wear face coverings. However, at those Services there will be Carols to listen to and enjoy, from our compact disc collection. You will receive a warm welcome.

If arrangements for Worship change, given COVID, any changes will be announced on our Church notice-boards, the website (stnicholasmiddleton.co.uk) and St Nicholas Middleton Facebook. I am very happy if you would like to 'phone me (586348 takes you straight to my mobile) about any prayer requests, any other matters, or simply if you would like to have a chat.

With my good wishes

Father William (Vicar of St Nicholas, Middleton)

PARISH COUNCIL WEBSITE

<https://middleton-on-sea-pc.gov.uk>

The new Parish Council website went live at the very end of April 2020 and now some 6 months later we have data that gives us some information on how it is being used.

The data provided is extensive but there are three areas that need to be considered

- 1) **Unique visitors** – means unique IP addresses. This will include the Clerk who uses it often but only once.
- 2) **Number of visits** – shows that some people are returning visitors or new visitors
- 3) **Pages** – this shows how many pages on average each visitor viewed when you divide this by the number of visits.

Below is a monthly report on the above

Month	Unique Visitors	Number of visits	Pages	Average No of pages viewed
April	49	160	3,050	19
May	404	769	6,886	9
June	697	1,121	7,309	7
July	789	1,177	10,184	9
August	748	1,193	6,827	6
September	691	1,174	7,979	7
October	657	1,090	8,973	8

When looking at a website another piece of data that may be important is the number of hits and for the new website the data shows that over the 7 months 159,170 hits have been reported with an average hit rate of 22,739 per month. The month of October 2020 recorded a hit rate of 28,204.

We are not comparing the above data with for example enquiries into sales as the Parish Council does not sell anything. What it is trying to establish is that it reports information to the community in a timely manner, the information is useful and the website is easy to navigate to what you need.

So after 7 months we would like to know your views on the new website good or bad and if there is any information that is not provided that you feel will benefit the community. We want to improve the website as we continue to use it and your comments will help the Parish Council to do this.

STARTING SCHOOL APPLICATIONS

Applications for children due to start primary or infant school in September 2021 are now opened and stay open until 15 January 2021.

Children born between 1 September 2016 and 31 August 2017 will be eligible to start primary or infant school next September.

Parents of children currently in Year 2 at infant school are now able to apply for a place at junior school for September 2021.

The quickest and easiest way to apply is online. You will receive an automatic email acknowledging that the application has been received. Free use of computers with internet access is available in all West Sussex libraries, although due to Covid-19 restrictions advanced booking is necessary. Those unable to apply online can request a form through the post by calling 033 301 42903.

Parents/carers are strongly advised to submit applications before the 15 January deadline. Those who miss the deadline must still submit an application form, as a child will not automatically be allocated a school.

PARENTS/CARERS ARE ADVISED:

- To read all the advice on the West Sussex County Council school admissions webpages.
- To apply for up to three schools, listing them in order of preference.
- That a child is not guaranteed a place at a school just because they are in the catchment area. Parents and carers will need to select the catchment school as part of their application for it to be considered.
- To view a school’s website for information about the school and its visiting policy, which may be virtual due to continued Covid-19 restrictions

Nigel Jupp, Cabinet Member for Education and Skills, said: “A child starting school or moving from an infant to a junior school is an exciting time, but I cannot stress enough the importance of making sure applications are received on time. This will give a far greater chance of a preferential offer.”

The closing date for all primary, infant and junior school applications is 11.59pm on Friday, 15 January 2021.

West Sussex County Council staff are available to help parents and carers through the admissions process. Telephone **033 301 42903** or email the admissions team north or email the admissions team south.

A259 BOGNOR REGIS TO LITTLEHAMPTON FEASIBILITY STUDY

WEST SUSSEX COUNTY COUNCIL UPDATE ON THE PROJECT

Proposals for improvements are now being consolidated and a ball-park costing of around £29 Million is envisaged. This will mean the following improvements:

- **Comet corner** - a 4-arm roundabout and additional pedestrian & cycling facilities plus bus priority measures going east
- **Grevatt’s Lane** – Extension of the 40mph speed limit, improved signage and visibility, upgrade the existing ghost island central reserve to a physical island.
- **Oystercatcher** – a 4-arm roundabout with walking and cycling improvements, which will take account of Yapton Rd and Climping Street, plus bus priority measures from Climping Street to A259 eastbound movement.
- **Church Lane** – Provision of 4-arm roundabout with walking and cycling improvements, plus bus priority measures for A259 westbound to A259 westbound movement.
- **Ferry Road** – Convert existing staggered cross-roads to a 4-arm roundabout, with walking and cycling facilities.
- **Bridge Road roundabout** – Minor improvements, with localised widening and inclusion of crossing points for pedestrians and cyclists.
- **Wick Roundabout** – Convert to a signalised 4-arm cross-roads junction, with pedestrian and cycle improvements.

A strategic business case should be submitted at end of December 2020.

An outline business case should be submitted in March 2022. Following that funding would be allocated.

A full business case will take a further 9 months to produce following which funding would be agreed in roughly 2022/2023

Construction should start from 2023/2024 and will take 2 years so should be in place by 2025/2026

Options Assessment Report - .This looked at all the options that have been considered as part of the study, the start point was 63 options which was reduced down to 19 options following stakeholder feedback.

Strategic Outline Business Case – This presents the evidence for the above improvements. The business case investigates the robust case for changes that fits with wider policy objectives. It assesses the value for money of the project and highlights constraints.

Appraisal Specification Report – Presents the methodology and scope for the further appraisal of the proposed options. This is to inform the analysis required to provide the evidence required for the Outline and Full Business Case for the corridor improvements, which will be required to successfully receive government funding.

The completion of the feasibility stage has already been completed, it is then necessary to take the findings through internal West Sussex County Council governance before submitting the Strategic Outline Business Case to the Department of Transport to put the case for funding allocation towards the scheme from the Major Road Network and Large Major funding stream

The next stages are preliminary and detailed design which will include Public Consultation

Don's Diaries

DON'S DIARIES

FRIENDS OF MIDDLETON-ON-SEA POND AND GREEN (CHARITY NO: 1170594)

At time of writing (mid Nov.) the deepest part of the Pond is already 6ft. deep, and the overall area increases with every rainfall.

Ducks are back in abundance!!

As a continuation of the de-silting work at the Pond and Green we have put a further 14 coir rolls in place around the Pond, and they now form an external barrier to avoid erosion, and soften the edges of the Pond where revetment was needed.

We have planted a further 1,000 crocus bulbs, and a further 500 daffodils, 500 snowdrops and 500 bluebells, all English native varieties, have been potted up for planting once the autumn leaf drop has been cleared. Our Work Parties are clearing these regularly, as our community leaf clearance morning has been cancelled this year due to Covid restrictions. 900 English wild flower plug plants have also been planted.

We purchased top soil to level off the southern end of the Pond and Green, and raked in grass seed at the beginning of October. Germination was excellent but we have roped off the area in the medium term to allow thickening of the grass and avoid vehicle damage which unfortunately seems a regular occurrence in the area opposite the Middleton Sports Club.

This years carol service has unfortunately been another casualty of Covid restrictions but we do intend putting up

Christmas lights in the trees during December as we did last year.

Our Work Parties will continue throughout the winter and specific tree pruning by a qualified tree surgeon has also been agreed over the winter period. Please feel free to speak to us if you are passing the Pond and Green. We appreciate your comments and enquires about what is now becoming a very well loved and focal part of the Village.

Thank you all for your continued interest in what we are trying to achieve at the Pond and Green on your behalf.

**Stay safe
Your Trustees**

TO HELP SUPPORT THE FRIENDS OF MIDDLETON-ON-SEA POND & GREEN CHARITY PLEASE COMPLETE THE DETAILS BELOW.

I would like to make a one off donation to the Friends of Middleton-on-Sea Pond & Green Charity & enclose £

OR

I will donate £ by bank transfer.

Friends of Middleton-on-Sea Pond & Green Charity:

TSB Sort code: 77-65-91, Account number 02338360 with reference - P&G donation.

GIFT AID IT! If you are a UK tax payer the Friends can claim back the tax you pay from HMRC.

If this applies to you please sign this declaration and give your address details below.

By signing and dating this form I am confirming that I am a UK tax payer and want to Gift Aid this donation and any other future donations..

Signature Date:

Name: (Print)

(PLEASE COMPLETE YOUR ADDRESS AND POST CODE AS REQUIRED BY HMRC)

Address

Post code

Completed forms and any cash or cheques (made payable to: **The Friends of Middleton-on-Sea Pond & Green Charity**), can be placed in an envelope and left with **Barley's Hardware store** (opposite the Pond and Green).

NB: By completing this form you are agreeing that the above data is held in paper and electronic form by the Friends. It will not be shared with any other body, company or person unless required by law.

St Wilfrid's Hospice
Making a difference to local lives

**St Wilfrid's
Christmas
Tree Recycling
scheme
returns!**

The simplest, greenest and most charitable way to get rid of your Christmas tree this year is to get involved in St Wilfrid's Christmas Tree Recycling Scheme. Let St Wilfrid's wonderful team of volunteers collect your tree and ethically dispose of it for you from **6th to 22nd January 2021** in return for a donation to the Hospice.

Your donation will mean the gift of quality time for patients facing terminal illness to spend with their loved ones. St Wilfrid's Hospice is there for patients and their families all day, every day of the year. So while we are all enjoying some festive cheer over Christmas, our nurses, chefs and housekeeping staff will be here doing their bit to give patients and their families the best Christmas possible.

Dementia Support - Three Ways This Winter

Dementia Support – three ways this winter

Vulnerable and older people living with dementia face real challenges this winter as the coronavirus pandemic continues. In response, local charity Dementia Support is now offering its services three different ways – by phone, online and, when possible, face to face at its dementia hub, Sage House in Tangmere near Chichester.

One local customer says the different ways of accessing services have made a real difference to herself and her husband, who was diagnosed with dementia four years ago.

“Dementia is hard at the best of times, but this year has been a real struggle. We’ve been on the phone constantly to Sage House which has been a real lifeline, and in recent weeks we’ve been in for face to face support. Getting online took us a while but now I know how to do it, we join in the activities. It’s good to see friendly faces and we have a good laugh. It really breaks up the week and helps us both cope.”

Since the start of the pandemic, Dementia Support has been working with customers to develop alternative ways of supporting people, and now ready for winter, they are offering dementia services three ways:

- **By phone** – speak to a Wayfinder for free emotional and practical support tailored to your unique circumstances
- **Online** – access a range of free activities, video calls with a Wayfinder, and Chatter Tables
- **Face-to-face** (by appointment and only if possible within current government guidelines) – services at Sage House dementia hub in Tangmere include quiet hairdressing, activities and respite care.

To find out more about dementia services, phone Dementia Support at **Sage House on 01243 888691** or email: info@dementia-support.org.uk.

The charity’s fundraising has been hard hit during the pandemic, whilst the number of people needing support has increased. To donate to Dementia Support’s Christmas Appeal, please go to <https://www.dementia-support.org.uk/donate>. Donations received online between 12pm on 1 December and 12pm on 8 December will be doubled to fund desperately needed dementia services this winter.

1. Established in 2014, Dementia Support is a young charity that has been operational since opening the doors of Sage House in 2018.
2. Our vision is “A society where dementia is wholly understood and accepted, enabling people living with dementia to be fully supported throughout the whole of their journey.”
3. Dementia Support delivers services to people affected by memory loss and dementia through its local dementia hub, Sage House, based in Tangmere, Chichester, West Sussex, and online through <https://www.dementia-support.org.uk>.
4. Services are open to anyone with a concern about memory loss or dementia. Sage House is partially open (as at 27/10/20) for face to face services, closely following current government guidelines and our own risk assessments.
